April 17, 2020
Graduate School of Engineering Science

Notice of Special Measurement for Foreign Language Examinations (English) for Admissions of April 2021 and October 2020.

For a foreign language test (English), Graduate School of Engineering Science expected to receive either TOEIC or TOEFL score certificate on the day of the examination. However, due to the spread of the new coronavirus infection, TOEIC test that was scheduled to be held in Japan in March and April was canceled. Since it is assumed that many candidates will not be able to submit a certificate, the following special measures will be adopted only for this entrance examination.

- For this entrance exam only, the score of the foreign language test (English) by either TOEIC or TOEFL score certificate, will not be used for pass / fail judgment.
- Accordingly, we are considering alternative measures to confirm English proficiency, and we will inform you on the website as soon as a decision is made.
